No. RRC-ER/Misc/Communication (287)

Date: 03.05.2024

Notice for dedicated e-mail id for communication with RRC-ER

RRC-ER had previously communicated various e-mail ids through its notices which were meant for candidates to communicate with RRC-ER for specific purposes. However, it has been noticed that candidates are still sending different e-mails to these e-mail ids, even though the purpose for which these e-mail ids were created is over. Since the number of e-mails received at RRC-ER is huge, these emails received on a number of e-mail ids hampers smooth working of RRC-ER.

One dedicated e-mail id for communication with RRC-ER was already in place and has been published on website of RRC-ER as well. The dedicated e-mail id is **rrcerly.queries@gmail.com** and it is **reiterated that candidates should only communicate with RRC-ER vide the above-mentioned email id.** Even though the candidates have been given this instruction previously as well, somehow, they have refused to abide by this instruction. Since, this is hampering RRC-ERs work, candidates are instructed to communicate vide above-mentioned e-mail id only, else suitable action (including legal procedure) may be initiated against the person violating this instruction. Also, emails received on other email ids will not be entertained.

Further, it is pertinent to note that for issues related to GDCE, the email id is **errrgdce2023@gmail.com** and for issues related to Special Quota Recruitment (Sports Quota, Scouts & Guides Quota and Cultural Quota) the email id is **rrcersplrectt2023@gmail.com**.
